H. Language Assistance Plan

The Farmer's House's Limited English Proficiency Plan

This limited English Proficiency (LEP) Plan has been prepared to address The Farmer's House responsibilities as a recipient of federal financial assistance as they relate to the needs of individuals with limited language skills. The plan has been prepared in accordance with Title VI of the Civil Rights Act of 1964; Federal Transit Administration Circular 4702.1B, dated October 1, 2012, which states that the level and quality of transportation service is provided without regard to race, color, or national origin.

Executive order 13166, titled "Improving Access to Services for Persons with Limited English Proficiency," indicates that differing treatment based upon a person's inability to speak, read, write or understand English is a type of national origin discrimination. It directs each federal agency to publish guidance for its respective recipients clarifying their obligation to ensure that such discriminations do not take place. This order applies to all state and local agencies which receive federal funds.

The Farmer's House has developed this LEP Plan to help identify reasonable steps for providing language assistance to persons with limited English proficiency who wish to access services provided by The Farmer's House. As defined in Executive Order 13166, LEP persons are those who do not speak English as their primary language and have limited ability to read, speak, write or understand English. This plan outlines how to identify a person who may need language assistance, and the ways in which assistance may be provided.

In order to prepare this plan, The Farmer's House undertook the **four-factor LEP analysis** which considers the following factors:

Four Factor Analyses

1. The number and proportion of LEP persons eligible to be served or likely to be encountered in the service area:

The Farmer's House staff reviewed the 2010 Census Report and determined that out of the entire population of Johnson County Kansas of approximately 585,000 persons only 11.1% of persons five years of age and older had a language other than English spoken at home. Out of the entire population of Platte County Missouri of approximately 98,000 persons only 7.2% of persons five years of age and older had a language other than English spoken at home.

2. Frequency of Contact by LEP Persons with The Farmer's House's Services:

The Farmer's House staff reviewed the frequency with which office staff and program staff have contact with LEP persons. This includes phone calls or program inquiries. To date, The Farmer's House has had no requests for interpreters and no requests for translated program documents.

3. The importance of programs, activities or services provided by The Farmer's House to LEP persons:

The 2010 Consensus does not indicate any concentration of LEP individuals in the service areas for The Farmer's House. The outreach activities, summarized in The Farmer's House's Title VI Public Engagement Plan, will include outreach to LEP persons where opportunities for outreach can be identified to gain understanding of the needs of the LEP population relative to The Farmer's House services.

4. The resources available to The Farmer's House and overall cost to provide LEP assistance
Strategies for Engaging Individuals with Limited English Proficiency include:

- Language line. Upon advance notice, translators can be provided for which The Farmer's House would pay the fee.

Staff Training

The following training will be provided to The Farmer's House's staff:

1. Information on The Farmer's House's Title VI Procedures and LEP responsibilities.
2. Description of language assistance services offered to the public.
3. Documentation of language assistance requests.

Monitoring and Updating the LEP Plan

The LEP Plan is a component of The Farmer's Title VI Plan requirement.

The Farmer's House will update the LEP plan as required. At a minimum, the plan will be reviewed and updated when it is clear that higher concentrations of LEP individuals are present in The Farmer's House's service area. Updates will address the following:

1. How the needs of LEP persons have been addressed.
2. Determine the current LEP population in the service area.
3. Determine as to whether the need for, and/or extent of, translation services has changed.
4. Determine whether local language assistance programs have been effective and sufficient to meet the needs.
5. Determine whether The Farmer's House's financial resources are sufficient to fund language assistance resources as needed.
6. Determine whether The Farmer's House has fully complied with the goals of this LEP Plan.
7. Determine whether complaints have been received concerning The Farmer's House's failure to meet the needs of LEP individual.
